Pearl Pizzaz

WARNING:
CHOKING HAZARD - Small parts.
 Not for children under 3 years.

IN THIS KIT

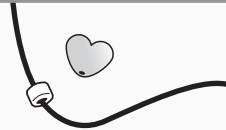

assorted beads
 beading elastic
 metal earring clips
 necklace clasps
 keychain
 instruction sheet

Be Pretty in Pink!

With this kit you can create brightly colored jewelry to make for yourself or to share with friends! When you're ready for a change, take the jewelry apart and make something totally new. Express yourself - it's you!

making PENDANTS

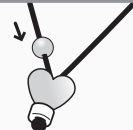

Beads can be made to hang down as pendants. Here's how to make one...

Choose your beads to make a pendant. Thread the bead that will be on the bottom of the pendant.

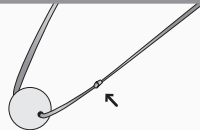

Thread the next bead through both ends of the cord.

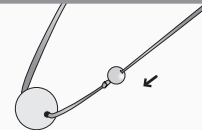

Beads can now be threaded through each side of the cord.

SPACING BEADS

Beads can be placed beside your charm or beads can be spaced on the cord. Here's how to space your beads...

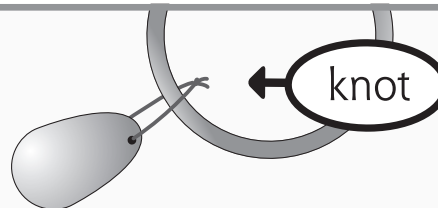

Make a knot on one side of the cord where you'd like your bead to sit.

Choose a bead and slip it onto the cord.

making KEYCHAINS

To add beads to the keychain, use the beading cord to string through the bead. Then, string through the key ring & tie a knot.

1 Decide which piece of jewelry you want to make & lay out the beads the way you like them.

2 String the beads onto the cord in the order you laid them out. Use the tips above to create new designs.
Hint: Don't cut the cord until you have strung the beads. After stringing, tie the cord, then cut the cord.

3 If you made a necklace, thread each end of the cord into the two parts of the necklace clasp. Make sure the clasps are facing out so they can be snapped together. Make a knot in each end to hold the clasps on.

Now you have your own Dash 'n Dazzle Jewelry!
