Making Candy Jewelry

1 Decide whether you are going to make a necklace or bracelet, then lay out the beads and charms the way you like them.

2 String the beads on the cord in the order you laid them out.
Hint: Don't cut the cord until you have strung the beads. After stringing, tie the cord, then cut the cord.

3 **If making a necklace:** After beading, thread each end of the cord into the two parts of the clasp. Make sure the clasps are facing out so they can be snapped together. Make a knot in each end to hold the clasps on.

Now you have your own Candy Jewelry!

making NECKLACES

When making necklaces, you can choose to make them different lengths. Wear them all together for a layered look!

candy RINGS

Wear the candy rings on your fingers, string them on a necklace or share them with a friend!
