Stylin' Silver Jewelry

- 1** Decide which piece of jewelry you want to make & lay it out in front of you. Then choose the charms you want to use & lay them out where you want to attach them to the jewelry.
- 2** Use the foil stickers to add some color & sparkle to your charms. Match the shapes of the stickers to the shapes of the charm.
- 3** Clip the charms onto the chain where you want them to be.

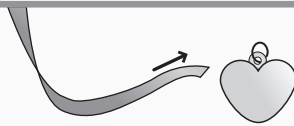

Tips for making Pretty N' Pink Pendants:

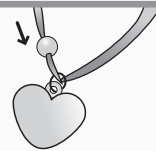

making PENDANTS

The charms & jewel pendants have rings attached to the tops.

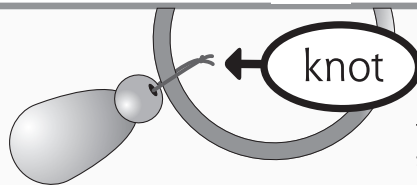

Choose which ribbon you want to use to make your bracelet or necklace & slide the charm or pendant on.

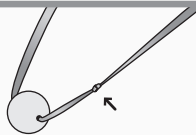

You can now thread additional beads onto each side of the ribbon.

making KEYCHAINS

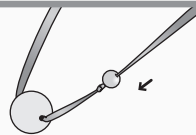

To make a keychain, use the beading string to thread through beads. String through keyring and knot.

spacing BEADS

Make a knot on one side of the ribbon where you'd like your bead to sit.

Choose a bead & slip it onto the ribbon.
